

PLAYTEST AT WORK

FAKE NEWS!

The game of conspiracies' news spreading on the web

In Fake News all players are dealing with the world of internet and social media. All main conspiracies are grouped into 8 main theories, and each player support one of them and oppose others. Players play to hide unfavorable news to their target and to support favorable news (or unfavorable to their opponents). The game includes 264 different news cards linked to several conspiracies.

Go around the World to undercover facts and opinions

Promptly cover news cards unfavorable to your target and highlight favorable ones

Highlight the news cards you like by putting them in your website or, better, in the social media

You can empower your skills becoming Reporter, Influencer and Top ranked website

2-8 **14+** **90'**
