

PLAYTEST AT WORK

Come and join the ASA (Asteroidal Space Academy).

From this academy come the best rescue drone pilots in the solar system.

Test yourself in this simulation that the pilots themselves must face for the last exam before the patent.

Coordinate your seekers and come back as the winner !

Easy? ... maybe not !

An entire orbital system on which to battle by juggling moving satellites and special Micro Jumps.

This is the drone formation that you will be able to control from your

ENERGYZER main class module
